MEMORANDUM FOR:

25X1

SUBJECT : Career Problems Facing the Clandestine Services

I am leaving on 28 October 1961 for a trip to the Middle East and South Asia; I will return shortly after the middle of November. Because I anticipate that you will be concluding the work of the group established by the DD/P during the period of my absence, I am setting forth the main points which I feel should be considered in formulating your recommendations; six copies are attached for your use.
